Homework Club

Other: _____

Grade/Age Level Focus _____

Brief Description:

Please tell us the purpose or objective, and provide a brief summary of the activity.

Title of Program _____

Objective _____

Provide a detailed description of the program that would allow others to implement a similar program. Include your schedule or timeline, people necessary for the program, activity plans, any advertising or recruiting materials, letters to parents, assessments to be given, hand-outs for sessions, materials necessary to the session (including names of any specific commercial resources provided to parents or used during the program), follow-ups and feedback forms, as applicable.

This description and material will be part of the booklet given to all members who attend the Parents and Reading session at SoMIRAC and will preclude the need for you to provide any handouts for that program. This should be a fully articulated plan for implementation.
